A Adopt the Consent Agenda

IV. Sele Nadel Ha...es presented the main points of the FY Audit document. Each year Envision is audited by an outside firm that audits financial statements as well as compliance with a number of statutes, policies, and laws that govern Envision's operations as a charter school and a non-profit in CA and in the US. For the fiscal year that ended June... the auditors had almost completed their audit.

- First there are the basic financial statements, then the information that relates to Envision's operations as a public charter school in CA, a report about our internal controls and financial reporting related to compliance measured against government auditing standards, and a report on Envision's compliance with federal programs which is required when Envision spends more than \$1K of federal funds.
- Then there is a report on state compliance and then the schedule of findings and questioned cost summary and the schedule of prior audit findings.

- Page [redacted] shows that there are no findings or question costs for the fiscal year ended June [redacted] th and on page [redacted] is the report that there s similarl no findings or question costs for the previous year
- On page [redacted] is the Consolidated Statement of Financial Position showing tng
